WELDING & CUTTING INDIA

INDIA ESSEN WELDING & CUTTING

11th International Trade Fair
Joining - Cutting - Surfacing

30 Nov. - 02 Dec. 2026

Bombay Exhibition Center, Goregaon (East)
Mumbai, India

Held in conjunction with

wire India | Tube India | METEC INDIA

Organised by

MESSE ESSEN

Messe Düsseldorf India

India's Leading Trade Fair for Joining, Cutting and Surfacing Technology

India Essen Welding & Cutting is India's leading trade fair dedicated to joining, cutting, and surfacing technology. Held every two years, it brings together industry leaders, innovators, and exhibitors to showcase cutting-edge products, advanced services, and the latest technological developments in both manual and automated welding. As one of the fastest-growing markets globally, India presents vast opportunities for business expansion, knowledge exchange, and industry collaboration.

The **11th India Essen Welding & Cutting** scheduled from **30 November - 02 December, 2026** at Bombay Exhibition Center, Mumbai will be a greatly expanded fair which would feature all aspects of welding technologies, coating, surfacing, robotics and automation. This exclusive business-to-business platform will attract Indian and foreign exhibitors who would offer wide range of technologically innovative manufacturing and engineering products and applications.

Key attributes of Indian Welding Industry

The welding industry in India is expected to experience significant growth, with the market size projected to reach USD 2.046 billion by 2032, growing at a CAGR of around 6.2%.

Industrial Growth Welding equipment market to hit $1.85B by 2030 (6.3% CAGR).

Government Push 'Make in India' targets 25% GDP from manufacturing.

Tech Advancements Automation & robotics adoption in welding processes.

Defense & Aerospace Investments Increased government focus on self-reliance in defense manufacturing.

Export Opportunities 'Make in India' attracting global demand for welded products.

Infrastructure Boom Increased demand for welding in roads, bridges, metro projects, and smart cities.

Steel Industry Expansion Rising demand due to construction & manufacturing growth.

Automotive & EV Rise India is the largest small car producer, increasing welding demand.

Energy Sector Growth Renewable projects boosting welding consumables demand.

India Essen Welding & Cutting 2024 in retrospect

The 10th India Essen Welding & Cutting, organised by Messe Düsseldorf India and Messe Essen from 27-29 November 2024, recorded an impressive opening. 69 exhibitors exhibited their latest products and services at the country's most influential platform for the entire welding segment. Co-located with wire India, Tube India and METEC India at Bombay Exhibition Center, Mumbai, the metal fair quartet attracted around 21,086* trade visitors, delegates and key decision makers from all parts of India.

*Including wire India, Tube India, METEC India & India Essen Welding & Cutting

Visitor Target Groups

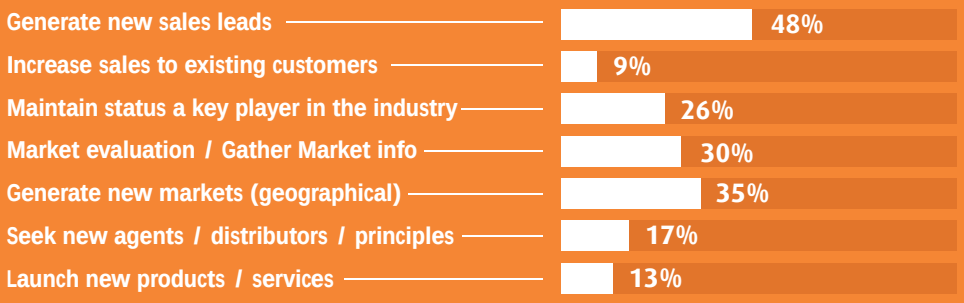

- Aviation
- Automotive & OEM
- Defense Equipment
- Electrical / Electronics
- Energy Equipment & Power Plants
- Instrumentation, Testing & Measuring Instruments
- IT & Telecommunications
- Iron & Steel & Metal Fabricators
- Materials Handling
- Mining & Construction Equipment
- Oil & Gas/ Chemical Processing
- Railways Coach Building
- Ship Building
- Tool Manufacturers

Exhibitor Target Groups

- Plant and Equipment for Joining, Surfacing and Cutting Processes
- Plant and Equipment for Heat Treatment and Other Production Processes
- General Production Equipment for Automation
- Plant for the production of Filler Materials and Consumables
- Fillers Materials
- Workshop and Workplace Equipment, Safety Equipment, Health and Safety Accessories
- Adhesive Bonding, Sealing, Applying
- Consumables and auxiliary materials
- Quality Assurance, Measurement and Testing Technology
- Sub-contracting (services)
- Systems for computer-aided production, data processing
- Instrumentation and control technology, automation
- Thermal spraying
- Industry Services Organisations for Joining & Cutting
- Vocational and further training
- Research, specialized literature and regulations

Objectives of Exhibitors

Exhibitors Feedback 2024

Exhibitors were satisfied with their participation at the event in terms of meeting their objectives

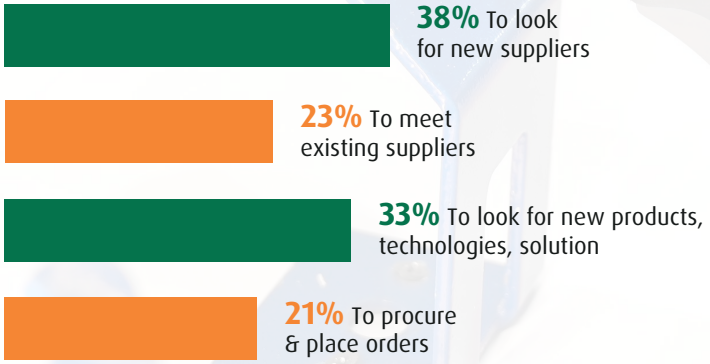

Exhibitors were satisfied with the quality of visitors

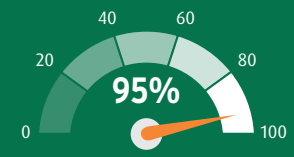

Net Promoter Score (NPS)

Likelihood of Exhibitors to recommend the event to an industry colleague

Objectives of Visitors

Visitor Feedback 2024

Visitors were satisfied with the event in terms of meeting their objectives

Net Promoter Score (NPS)

Likelihood of visitors to recommend the event to an industry colleague

Exhibitor Testimonials

"We were delighted to be part of India Essen Welding & Cutting Expo 2024 edition – Mumbai showcasing our world class products. Team Superon Exports had one of the best foot falls & enquiry generation for both existing welding products range and the newly launched Welding machines & Automation solutions. Considering the success in this event, we are sure to participate in the next edition as well."

Mr. DS Jagdeesh
Senior VP – International Business Division, Superon Schweisstechnik India

"India Essen Welding & Cutting this time was a different ball-game altogether. This year we felt a major shift towards IEWC for the world to come and explore the Best Welding Possibilities in India Essen Welding & Cutting Exhibition. We had a lot of Foreign Inquiries which we were targeting and all in all was Technical Talent Showcase of our Company on such a platform of IEWC for us."

Mr. Govind A Sahasrabuddhe
Application Engineer, Fineweld Systems India Pvt Ltd

"We extend our heartfelt gratitude for the excellent organization of the IEWC Exhibition in Mumbai 2024. The event exceeded our expectations, providing an exceptional platform to connect with all our existing customers while also enjoying a strong and diverse footfall from across the country and overseas. The seamless coordination and attention to detail contributed to a positive and productive experience. Thank you for creating such a vibrant and successful event. We look forward to participating again in the future!"

Mr. Haresh B Bohra
Director, Venus Wire Industries Pvt Ltd.
