10th International Exhibition for the Wire and Cable Industry
Hall 2 & 6

10th International Metallurgical Technology, Processes and Metal Products Trade Fair
Hall 3

11th All Indian Exhibition & Conference for the Tube and Pipe Industries
Hall 3

11th International Trade Fair Joining – Cutting – Surfacing
Hall 4

30 Nov. – 02 Dec. 2026
Bombay Exhibition Center
Mumbai, India

PRESS RELEASE

Metal Fairs 2026 to Present India's Largest Platform for the wire, Tube, Metallurgy and Welding Industries

Four international trade fairs to bring together 650+ exhibitors from 25 countries, six country pavilions and 25,000+ industry visitors across 42,500+ sq. m. of exhibition space in Mumbai

Mumbai, India | November 2026: From 30th November to 2nd December 2026, the Bombay Exhibition Centre, Mumbai, will host the largest-ever edition of India's leading metal industry trade fairs, bringing together four specialised international exhibitions – wire India, Tube India, METEC India and India Essen Welding & Cutting.

Metal Fairs 2026 is organised by Messe Düsseldorf India. Messe Essen is the co-organiser of India Essen Welding & Cutting, one of the four exhibitions taking place as part of the event. Across the four exhibitions – wire India, Tube India, METEC India and India Essen Welding & Cutting – more than 650 exhibitors are expected to showcase their products and technologies across 42,500+ sq. m. of exhibition space. The three-day event is expected to welcome over 25,000 industry visitors, including manufacturers, technology providers, buyers, sourcing professionals and decision-makers from India and around the world.

The 2026 edition marks an important milestone, with the 10th edition of wire India, the 11th edition of Tube India, the 10th edition of METEC India and the 11th edition of India Essen Welding & Cutting coming together on one platform.

The four exhibitions will cover the entire spectrum of wire and cable manufacturing, tube and pipe production, metallurgical technologies, and joining, cutting and surfacing solutions, creating a comprehensive sourcing, technology and business platform for the metal and manufacturing industries.

Commenting on the upcoming edition, Millie Contractor, General Manager, Messe Düsseldorf India, said, *"Metal Fairs 2026 represents an important milestone for India's metal industry, bringing together four established international trade fairs on an unprecedented scale. With over 650 exhibitors, participation from more than 25 countries and an expanded exhibition space of over 42,500 sq. m., the platform will offer industry professionals an opportunity to discover advanced technologies, explore new business possibilities and connect with global industry leaders. Alongside the exhibitions, our technical conferences and industry initiatives will encourage knowledge exchange and meaningful discussions around innovation, productivity and sustainable manufacturing. We look forward to welcoming the global industry to Mumbai."*

Four Specialised Exhibitions Covering the Entire Metal Industry Value Chain

Metal Fairs 2026 will bring together four established international exhibitions, each addressing specialised segments of the metal and manufacturing industries.

wire India 2026 | 10th Edition | Halls 2 & 6

The international exhibition for the wire and cable industry will showcase wire manufacturing and finishing machinery, cable manufacturing equipment, fastener and spring manufacturing technologies, special wires and cables, process technology, measuring and control systems, and testing solutions.

Tube India 2026 | 11th Edition | Hall 3

The international exhibition and conference for the tube and pipe industries will feature raw materials, tubes and accessories, tube manufacturing machinery, heat treatment technologies, industrial cutting and sawing machinery, pipeline and OCTG technology, profiles, compound pipes and plastic tubes.

METEC India 2026 | 10th Edition | Hall 3

The international trade fair for metallurgical technology, processes and metal products will showcase technologies and equipment for iron and steel production, non-ferrous metal production, casting, shaping, rolling mills, process automation, digitalisation, environmental protection and industrial safety.

India Essen Welding & Cutting 2026 | 11th Edition | Hall 4

The international trade fair for joining, cutting and surfacing technology will present advanced solutions for welding, cutting, surfacing, heat treatment, automation, filler materials and consumables, quality assurance, measurement and testing technologies, and industrial safety equipment.

Together, the four exhibitions will provide a comprehensive overview of technologies and solutions serving key sectors such as automotive, infrastructure, construction, oil and gas, energy, shipbuilding, aviation, defence, railways and industrial manufacturing.

Strong International Participation from 25 Countries

Reflecting the international significance of Metal Fairs, the 2026 edition will welcome exhibitors and industry participants from 25 countries across Europe, Asia, the Americas and the Middle East.

Countries include Austria, Belgium, Brazil, Canada, China, Finland, France, Germany, India, Italy, Japan, Luxembourg, Netherlands, Norway, Scotland, Singapore, South Korea, Spain, Sweden, Switzerland, Turkey, United Arab Emirates, United Kingdom, United States of America.

Six dedicated country pavilions representing **Austria, China, France, Germany, Italy and Switzerland** will showcase international industrial capabilities, engineering expertise and advanced technology solutions.

The international participation will provide Indian manufacturers and buyers with opportunities to engage with overseas technology providers, explore sourcing possibilities and establish business relationships across global markets.

Technical Conferences to Address Key Industry Priorities

Knowledge exchange and industry engagement will remain important highlights of Metal Fairs 2026, with three parallel sector-specific technical conferences scheduled across the exhibition days.

The conferences will bring together industry experts and professionals to discuss emerging technologies, manufacturing challenges, productivity and sustainable industrial development.

Tube India Conference | Monday, 30th November

Organised in association with the Conference Partner, the International Tube Association (ITA) – India Chapter, the conference will focus on the theme *"Formulating a Sustainable Future for the Indian Tube and Pipe Industry."* The conference will examine developments and opportunities shaping the future of India's tube and pipe sector.

wire India Conference | Tuesday, 1st December 2026

Jointly organised by Steel & Metallurgy and supported by Steel Wire Manufacturers Association of India (SWMAI), the conference will focus on *"Empowering the Wire & Cable Industry for the Future through AI, Innovation and Sustainable Solutions."* The conference will explore the role of artificial intelligence, technological innovation and sustainable practices in advancing the wire and cable industry.

METEC India Conference | Wednesday, 2nd December 2026

The METEC India conference will address *"Energy Efficiency and Increasing Productivity across Flat, Long & Process Materials".* Organised in association with the Conference Partner, Steel & Metallurgy,

the conference will focus on improving operational efficiency, productivity and technological capabilities across the metallurgical industry.

Welder's Competition to Highlight Technical Skills and Excellence

Adding another dimension to the exhibition, India Essen Welding & Cutting will host the **Welder's Competition from 30th November to 2nd December**.

The competition will provide a platform to highlight welding skills and technical expertise, bringing greater attention to the importance of skilled professionals in the joining, cutting and surfacing industries.

Strengthening Industry Collaboration and Business Opportunities

Metal Fairs 2026 is supported by leading industry players through a range of strategic partnerships including Italian Trade Agency (ITA) and Federal Ministry for Economic Affairs and Energy (Germany) and partnership associations, reflecting the strong industry participation and commitment towards the event.

This edition is proudly supported by a robust network of leading industry partners committed to advancing manufacturing excellence. Their commitments and contributions help make these landmark shows possible.

The exhibitions are further supported by leading industry associations, including the Italian Wire Machinery Manufacturers Association (ACIMAF), Advantage Austria, Austrian Wire and Cable Machinery Manufacturers Association (AWCMA), Association of Welding Products Manufacturers (AWPM), Cable & Wire Machinery Manufacturers Association of India (CMMAI), DVS – German Welding Society, Indian Stainless Steel Development Association (ISSDA), International Tube Association (ITA) – India Chapter, International Wire and Cable Machine Exhibitors Association (IWCEA), International Wire and Machinery Association (IWMA), Steel Wire Manufacturers Association of India (SWMAI), Swiss Competence Cluster (SCC) and Wire and Cable Industry Suppliers Association (WCISA).

With its extensive international participation, specialised technology showcases and dedicated knowledge-sharing platforms, Metal Fairs 2026 aims to facilitate business connections, encourage technological exchange and strengthen India's position as an important destination for the global metal and manufacturing industries.

10th International Exhibition for the Wire and Cable Industry
Hall 2 & 6

10th International Metallurgical Technology, Processes and Metal Products Trade Fair
Hall 3

About the Organizer

Messe Düsseldorf India Pvt. Ltd. is a fully owned subsidiary of Messe Düsseldorf GmbH which is a global player both as a trade fair organizer and as a provider of trade fair related services for exhibitors and visitors. Messe Düsseldorf India has been successfully staging established trade fairs like, In-Store Asia, Medical Fair India, FAMDENT Shows & Awards, glasspex India, glasspro India, pacprocess & food pex Mumbai, India Essen Welding & Cutting, wire India, Tube India, METEC India and ProWine Mumbai. Besides organizing successful trade fairs in India, the company is also the exclusive Sales representative of Messe Düsseldorf Group for the Indian Market and is canvassing Indian customers to Events of Messe Düsseldorf Group worldwide.

About the Co-organizer

Messe Essen is the co-organizer for India Essen Welding & Cutting

MESSE ESSEN offers exhibitors the ideal environment to present their company and to establish important contacts with experts, key customers and opinion leaders.
With around 55 trade fairs and exhibitions, including ten leading trade fairs, the Essen exhibition centre is among the top ten exhibition locations in Germany. An appealing mix of international, national and regional professional and consumer trade fairs attracts around 1.5 million visitors annually.
